PRAIRIE VIEW 1, ILLINOIS

Conditions of Sale

Prices F. O. B. Prairie View, Illinois. Packing charges are in addition to cost of plants. No charge for packing car lot orders in bulk. All shipments at purchaser's risk.

Orders are accepted subject to prior orders, crop conditions, and to delay or injury to our nursery stock due to strikes, accidents, fire, floods, hail etc.

The CHARLES FIORE NURSERIES, INC. warrants to the extent of the purchase price that nursery stock sold is true-to-name and as described within recognized tolerances. Seller gives no other or further warranty, express or implied, and will, under no circumstances be liable for more than the invoice value at the time of purchase. We cannot assume any warranty as to productiveness after transplanting.

These prices are all for the trade only and in no case will they be allowed to retail customers. When writing, please use letterhead stationery.

TERMS ARE CASH and to those who have established credit with us—net 30 days. C.O.D. orders must be accompanied by ONE-FOURTH CASH. Credit of 30 days net may be established with us by security or satisfactory reference.

This list cancels all previous lists and we reserve the right to change prices without notice.

Quantity Rates

1 to 9 plants of one variety	Single rate
10 to 49 plants of one variety	10 rate
50 to 249 plants of one variety	100 rate

TAXUS (Yew Tree)

The Yew tree is an ornamental woody plant, grown for their dark green foliage. They are desirable for park plantings, foundation plantings, well suited for hedges and easily trimmed into any desired shape. They are much used for fantastic topiary work. The wood of the Yew is heavy, hard and of reddish color. Because of the slow rate of growth it takes years to develop a plant for the market; thus, the heavier cost per plant in comparison to other varieties.

brevefolia erecta**Upright Nana**

Upright form of the dwarf yew.

2'	BB	10.00		
2½'	BB	12.00	11.50

Why You Get the Best—

When You Buy From Us!

Our trees, shrubs, evergreens, etc. are grown for high-class landscape work in order to give an immediate effect when set out.

Our plants are grown on fertile soil and well-spaced in rows. All our nursery stock is well fertilized periodically in order to get the best color in the plants and at the same time keep them in the healthiest condition.

Our plants are given individual attention in the proper shearing so as to put them in the best possible balanced symmetrical shape and to give them the most compact bodies possible.

Our nursery stock is many times transplanted giving it the chance to develop the fine, fibrous root system so necessarily needed in order to move these plants with ease and safety.

Weeds are constantly being eliminated and the ground kept moist by constant cultivation by horse, by machinery and by hand hoeing.

Spraying is done, when needed to rid the plants of any insect pests.

Therefore, we take great pride in saying that we grow some of the best specimen stock to be found anywhere in this section of the country.

When you are in the vicinity drop in at our Nurseries and let us show you our nursery stock.

CHARLES FIORE NURSERIES, INC.
